# How to Display The American Flag

The U.S. flag stands for our nation and the shared history, pride, principles, and commitment of its people. When we properly display this powerful symbol, we signal our respect for everything it represents.

The flag shouldn't be flown in inclement weather unless it's an all-weather flag.

Flags displayed at night should be properly illuminated.

In a time of national mourning, hang the flag at half-mast.

## The flag can be flown every day, but it is often flown to show patriotism on these observances:

- |  |  |                  |
|--|--|------------------|
| New Year's Day                         | Easter Sunday                              | Constitution Day |
| Inauguration Day                       | Armed Forces Day                           | Columbus Day     |
| Martin Luther King Jr.'s Birthday      | Memorial Day                               | Navy Day         |
| Lincoln's Birthday                     | Flag Day                                   | Veterans Day     |
| Washington's Birthday (Presidents Day) | Independence Day                           | Thanksgiving Day |
| National Vietnam War Veterans Day      | National Korean War Veterans Armistice Day | Christmas Day    |
|  | Labor Day                                  |                  |

## When displaying the flag ...

From your porch, place the union (blue section) at the peak of the staff.

Against a wall or on a window, place the union (blue section) at the top left corner.

On your vehicle, clamp the staff to the right front fender.

With another flag, place the U.S. flag to your left when crossed.

Keep your flag completely dry and folded properly — into a triangle, with the union (blue section) visible — before storing it in a well-ventilated area. If the flag is damaged or worn out, it should be disposed of with dignity.

The flag should not touch anything below it or rest on the ground.
