

Javanica Stock
Candidate for Northport-East Northport Library Board of Trustees

My name is Javanica Stock and I have been a part of the Long Island community for over 12 years. I have thoroughly enjoyed the past 2 years as a part of the Northport community. My husband is an East Northport native. He was born and raised in the community and educated in the Northport school system through high school. My son attends Northport Middle School. We are a family of avid readers and the library is an integral part of our normal routine. My love for Northport, in addition to my library expertise, and deep commitment to community service and civic engagement has led me to run for Board of Trustees.

I have spent the last 20 years working for JSTOR, a not-for-profit organization dedicated to the dissemination of knowledge and education through the development of digital library resources. In my role as Sr. Director for Institutional Development and Strategic Partnerships, I have had the privilege of working with libraries all over the world to support the needs of local communities. My expertise in digital content distribution and partnership development has been

instrumental in enhancing research and educational opportunities for institutions and individuals alike. With my wealth of experience in business development, I am well-equipped to navigate the evolving landscape of library services. I understand the importance of leveraging resources efficiently and forging strategic alliances to meet the diverse needs of library patrons.

I hold a Bachelor of Arts degree in Art History and Anthropology and received my Masters degree in Interdisciplinary Studies from New York University, reflecting my deep appreciation for the cultural and historical significance of knowledge dissemination. I have also been a member of both the American Library Association (ALA) and the International Federation of Library Associations and Institutions (IFLA).

My combination of expertise in academic publishing and business development, and my passion for the arts and community engagement makes me a valuable asset to the NENPL Board of Trustees. I look forward to contributing my skills and insights to furthering the library's role of enriching lives through access to knowledge and information. As a member of the NENPL Board of Trustees, I will be dedicated to ensuring that the library remains a vital resource for all members of the community.
