# Down on the Farm

Yee haw! The Suffolk County Farm has come to town! You are invited to visit the Museum Cove, located in the Children's Room of the Northport Library, between September and December to enjoy our new exhibit **Down on the Farm**. The Suffolk County Farm is a real working farm as well as an educational facility located in Yaphank. It is owned by Suffolk County and has been operated by Cornell Cooperative Extension since 1974. For our exhibit, the Farm has loaned the Library a number of fascinating items that highlight the importance of farming to Long Island life, both past and present. These artifacts are on display in the Museum Cove.

Educators from Cornell Cooperative Extension will be conducting programs designed to inform children and their families about various aspects of agricultural life. Come meet some live farm animals, find out how food gets from the fields to your table, and learn about ways you can reduce your ecological footprint. There will also be opportunities to create farm crafts and even make an apple pie!

Although farmland has all but disappeared from our immediate area, a short drive east to the Suffolk County Farm allows visitors the opportunity to encounter life on an active farm. And a trip to the Northport Library Museum Cove this fall offers patrons a local **Down on the Farm** experience.

**Here are some great "farm picks" for kids:**
