Mr. Brigandi grew up in Brooklyn and started visiting Coney Island when he was seven months old. As he grew, so did his passion for Coney Island and for anything that he could acquire from its different parks.  
Coney Island was more than just an amusement park. It was a fantasy world where thousands of people—rich and poor, young and old—escaped for fun and adventure. Like all eras and locales, its history is as varied and interesting as the melting pot of people who played there.  
Join Mr. Brigandi as he shares photographs, video clips and, of course, his own recollections. Come early as he is setting up, and you may browse through his photo collection. All are welcome to attend and to share your own memories and stories.  
Memorabilia from Mr. Brigandi's extensive and fascinating collection is the basis for the Northport Library's current Museum Cove exhibit "Coney Island: Playground of the World," which will be on display throughout the month of May.

The Summer Reading Club is coming soon!

# Get a Clue

## @ Your Library

Join the library detective squad starting on June 25 when we launch our Summer Reading Club: **Get a Clue @ Your Library**. Children from preschool through sixth grade are welcome to join and earn prizes and stickers for the time they spend reading at home. This program allows children to enhance their reading skills during the summer. Mark your calendars for June 9 and June 23 for the first of five registration days for the many exciting music, craft, and storytime summer programs the Library offers children of all ages.

### Creating a New Generation of Readers

Did you know that summer reading programs began in the 1890s as a way to encourage school children—particularly those in urban areas who were not needed for farm work—to read during their summer vacation, use the library, and develop the habit of reading?

Numerous studies have shown that summer programs help ensure that school children retain reading and learning skills over the summer recess. The summer reading programs at the Northport-East Northport Public Library are geared for reading just for the fun of it. If you can read, thank a teacher. If you love to read, thank a librarian. Our Library is

in the business of creating a new generation of readers—people who are curious and love to read. Summer library programs take advantage of children's natural curiosity to introduce new subjects and different genres—things kids are interested in but might not study in school.

Board books, paperbacks, activity packets, and stories are shared with each patient. HAPLO librarians also conduct occasional storytimes at the hospital's Dolan Family Health Center. These services, which are coordinated by the Huntington Town libraries and the Suffolk Cooperative Library System, are highly valued by the young patients and their families.

## TEEN SERVICES at the Library

Teen Services at the Northport-East Northport Public Library provides resources and programs to young adults in grades 6-12. Special features of these services include a collection of materials for the parents of teenagers and many book lists with suggestions for good books to read. There is a designated teen area called "The Teen Center" at each of our library buildings.

Teen Collections are designated with a bright green "Teen" label. Fiction materials are housed in the Teen Centers and nonfiction titles are shelved with the adult books. Some fiction books in the Teen Center also have a label that says "Tween" on their spines. "Tween" books are chosen primarily for middle school students.

**Let us know what you think!** At the beginning of each month, several newly published books will be selected by Teen Services Librarians. The titles will include fiction, nonfiction, and audiobooks. Anyone interested can submit an online review of these new materials directly through our website.

Also on our Teen Services webpage are monthly programs and volunteer opportunities, teen-related websites and hotlines, links to our public schools, homework help, a listing of all middle school and high school textbooks available in our buildings, and photos from our programs.

Be sure to visit the Teen Services Department on our Library's website: [www.nenpl.org](http://www.nenpl.org).
