New Construction, 1986-1998

By 1986 library users, the Board of Trustees, and staff had come to the same conclusion: the Library needed larger and improved facilities. After exploring a range of options, the Library Board proposed a plan in 1995 to renovate and expand the Northport Library from 20,000 to 36,000 square feet and to build a new 20,000 square foot library on the East Northport building site. The community overwhelmingly approved a \$7.4 million bond issue to fund the project in September of that year.

The old East Northport building was razed in August 1996 and a temporary library opened in a nearby storefront. In November 1996 ground was broken for the Northport expansion. That building was closed to complete construction in October 1997. The same month the dramatic new East Northport Library opened. In August 1998 the building project concluded with the opening of the Northport Library. Both buildings, designed by Beatty, Harvey & Associates, featured spacious reading areas, ample room for computers and resources in a variety of formats, attractive meeting rooms, and trendsetting cafes.

In commemoration of its 90th anniversary, the Northport Public Library would like to expand its ability to serve the community with the addition of an outdoor courtyard — a "front porch." We envision a lovely, restful, open-air terrace that can be enjoyed by patrons of all ages through much of the year. The space is being designed with the flexibility to allow for reading, conversation, Library Café seating, children's storytimes, informal performances, and other programs. Our goal is to raise the funds for this significant

project and dedicate the courtyard in the summer of 2005. To date, the Library has raised more than \$17,000 through the Silent Art Auction, private donations, and a legislative grant. We are relying on the generosity of our community to help us reach our goal of raising an additional \$100,000. The Library Board of Trustees invites individuals, community groups, and local businesses to join this exciting project. A packet describing Courtyard gifting options and opportunities for donor recognition is available at the Library.
