Grow Great Readers at Your Library! Join the Summer Reading Club!

Farmers (That's you, PARENTS!)
Summer Reading Clubs are not only fun, they are essential. An early involvement in reading programs makes a difference in a child's life. Studies have found that children who read more than ten books during the summer vacation make significant gains in reading ability over those who read less. A reading program based on a fun theme is a great way to encourage and support your child's reading interests and curiosity so that reading remains an enjoyable challenge. VISIT THE PUBLIC LIBRARY OFTEN. Help your child discover the adventure and fun of choosing books from the Library's collections. Be sure that children have their own library card. At the Northport-East Northport Public Library, children are eligible for library cards from the day they are born!

Cultivators (Your LIBRARIANS!)
Our Librarians for Children and Teens have constructed unique programs that make summertime reading fun for all ages. They will be happy to help your children discover new books and expand their reading horizons.

Dig

Right In
Any child can join the reading clubs. Children as young as two years old have participated. In the **Little Chicks Club** books are read to preschoolers by parents, grandparents, siblings, and babysitters. Children in grades 1-3 are encouraged to join **Old Long Island Was A Farm, Read and Grow!** Older children, in grades 4-6, are part of the **Harvesters Contract Readers** program. Teens who participate in the **Summer Reading Club** have an added benefit. They will become familiar with the friendly staff and resources available to them throughout the Library—and this will be helpful in September when homework assignments are once again underway.

Out in the Fields
A record 1,624 children and teens participated in last year's summer reading program. Discover an unlimited opportunity to explore, learn, create, investigate, socialize, and read in the Library. Join the fun!
