

The Road to Reading begins with you. Reading, talking, singing, writing, and playing with your child helps develop their early literacy skills. Early literacy is everything your child knows about reading and writing before they can read or write. Our library programs are designed to develop these skills by including songs, fingerplays, rhymes, and stories. Together we can lay a foundation for success in learning to read.

PLEASE NOTE: Programs are offered according to age on a monthly basis. Please ensure your child meets the specific age criteria. Your child may register for one series program per month.
