**Introducing a Community Project**

**ORAL HISTORY**
Make history — join the library’s new Oral History Project. Through audio-taped interviews with members of the community, volunteer oral historians will capture and preserve personal accounts of the day-to-day life, events, organizations, and issues that make up our area’s rich history. The oral histories will be added to the library’s collection of more than thirty taped interviews, conducted for the most part during the 1960s. Enjoy these recordings now and participate in the Oral History Project to build our collective memory.

For more information, please contact Barbara Johnson, Local History Librarian.

**DOING ORAL HISTORY: A WORKSHOP**
Join us for a stimulating exploration of the practice of oral history, with a special focus on interviewing techniques. Presented by Anne Gefell, an experienced oral historian, the workshop is open to all, especially those who plan to participate in the new library-sponsored Oral History Project.

**SELLING YOUR HOME**
Tuesday, January 16, 7:30 p.m.
Learn which 21 questions you should ask, how to dress your home for sale, and how to save thousands by not waiting for the spring market, from Kathryn Martin of Century 21 Northern Shores. All are welcome.

Monday, January 22 & Monday, January 29
7:00-10:00 p.m. Fee: $30
Applications for this six-hour course may be picked up at either library beginning Jan. 8.

What Your Library's Book Collection Says About You

A public library's book collection is a reflection of the community's personality. While each good library begins with core materials essential for public service needs, it is the growth of subject collections that reveals community character.

A person visiting the Northport-East Northport Public Library could learn a lot about you just by browsing the stacks and noting the areas of subject concentration. An interest in fine arts is apparent. The library's "700s" collection is both comprehensive and extensive. From technique to talent, art is a topic of great interest in our community. People throughout Suffolk County often turn to our library's collection of fine arts materials when conducting serious art research.

The community is interested in its roots. There are rows of local history books and drawers of vertical file clippings and pamphlets about Northport and East Northport, then and now. Family trees are also taking root as more of you turn to the library's genealogy resources.

Low tides and high seas top the list of what's important to the waterway crowd. Throughout the year, anglers and boaters rely on the library's nautical almanacs and charts, guides to marinas and fishing grounds, and price guides and maintenance manuals for tips and direction.

When it comes to business you make it your business to use the library's reference collection regularly. You forecast profits, study the competition, check out new markets, track investments. Change is status quo in the world of finance and industry. You keep up by making a visit to the library a part
of your daily or weekly routine.

Home is at the heart of what matters. Architectural styles, “the painted ladies” and interior design find welcome readers among community homebodies. With an appetite for what’s cooking and a green thumb for how the garden grows, patrons are taking their library books into the kitchen and out to the garden.

“Who done it” is not a puzzle for those wandering the aisles in the mystery section. For you, leisure reading is a serious pastime. You go beyond the bestsellers, choosing timeless classics, works by new authors, and novels by authors of international acclaim. With so little time to spare, you make time to read and you take time to talk about the books you are reading. The library’s novel and short story discussion groups give voice to this fact.

The writers in our community not only browse the shelves for research needs, they fill our shelves with books we don’t want to miss. The library’s Literary Beacon local author book collection is growing. Works by local authors are enjoyed by children as well as adults.

Many of the community’s voracious readers can be found in the children’s library. While summer reading club statistics climb each year, our children read year round. There is magic to be found in the children’s room as a child meets the characters in a favorite fairy tale, visits faraway lands from days gone by, time travels into the next centuries, or discovers that very same book that you couldn’t put down when you were a child. The wonder continues as the child grows. For teens, there are unlimited opportunities to explore, create, investigate, and read in the Young Adult Corner.

How do the librarians know what you want? You tell us in many ways. Sometimes you tell us directly, sometimes you are more subtle. Circulation statistics provide us with facts about your fiction and non-fiction interests. Reference questions and readers’ advisory requests also enlighten us. Coordinating a collection that is deep enough to meet specific patron requests, yet broad enough to encompass ever-changing patron interests, is quite a challenge. Your librarians are professionals who select materials for all walks of life. Essentially, the interests and educational pursuits of each patron can be found on the library shelves. These shelves have much to say about our community. You are well-known at your library.
Dear East Northport Library Patrons,

Spreading its limbs to welcome library patrons for the past 46 years, the oak tree which stood in front of the East Northport library is no longer. During an October storm, a large limb broke away from the tree and was found dangling. Mr. Fred DeGeorge, our Head of Buildings and Grounds, conferred with our tree service as well as the Town of Huntington Parks Department regarding the health of the tree. Both of these experts declared the tree dead. For safety reasons, the tree was ordered removed. Dangerous limbs were trimmed away immediately. The tree trunk will be removed when library construction begins. The oak tree is warmly remembered by the generations of children who enjoyed summer storytimes in its shade and by the library goers and passersby who witnessed the changing seasons among its leaves. The designs for the new East Northport library included this tree. Its roots were to remain at 185 Larkfield Road as part of library history carried forward. Sadly, nature’s course took a different path.

Sincerely,
Stephanie Heineman
Library Director
