A Child's Discovery Begins at the Library!

Mission Control (That's you, PARENTS!)

Summer reading clubs are not only fun, they are essential. An early involvement in reading programs does make a difference in a child's life. Studies have found that children who read more than ten books during the summer vacation make significant gains in reading ability over those who read less. A reading program based on a fun theme is a great way to encourage and support your child's reading interests and curiosity so that reading remains an enjoyable challenge. VISIT THE PUBLIC LIBRARY OFTEN. Help your child discover the adventure and fun of choosing books from the Library's collections. Be sure that each child has his/her own library card. At the Northport-East Northport Public Library, children are eligible for library cards from the day they are born!

Launch Support Staff (Your LIBRARIANS!)

Our Children's and Young Adult Librarians have constructed unique programs that make summertime reading fun for all ages. They will be happy to help your child or young adult discover new books and expand their reading horizons.

The Count Down

Any child can join the reading clubs. Children as young as two years old have participated. Books are read to pre-schoolers in the Me2K Read-To-Me Club by parents, grandparents, siblings, and babysitters. Children in grades 1-3 are encouraged to join the **Discover 2000! Elementary Readers**. Older children, in grades 4 and up, are part of the **Space Commander Contract Readers** program.

Young adults who participate in **Discover 2000 . . . READ** have an added benefit. They will become familiar with the friendly staff and resources available to them throughout the Library—and this will be helpful in September when homework assignments are once again underway.

The Blast Off

A record 1,304 youngsters participated in last year's summer reading program. Discover an unlimited opportunity to explore, learn, create, investigate, socialize, and read in the Library. Join the fun!
