A Message from the Library Board of Trustees

Dear Community Residents:

Public Libraries have been named nationally this year as powerful environments. They satisfy a variety of unique needs in a cost-saving manner while, in most cases, providing a net profit to localities. We, as library trustees, are dedicated to maintaining the public library. Resources, efficiency, and accessibility are the benchmarks for the successful operation of our Public Libraries. Northport-East Northport Public Library has worked diligently to ensure that the library continues to serve the community, and we recognize the role the library plays in our everyday lives.

In a survey conducted in 2003, the quality of Northport-East Northport Public Library was rated very high by the community. Surveys are done every five years to determine the level of satisfaction with the library. The library is well-utilized and provides a variety of programs and services.

Our programs and services are enjoyed by children and adults alike. We are very proud of the library and its services. The library is a place to discover the world and beyond.

Thank you for being a part of the Northport-East Northport Public Library.
