500 Days of Summer

Friday Movies

February 19

Recently released in the U.S., this coming-of-age film is a chance to reconnect with the idealism of late 2000s hipsters. "500 Days of Summer," the story of a young man and a girl who have a brief but intense relationship, is part romance, part musical, and it's a wonderful, funny, and very touching film." - Mark Clennon

"The Lookout"

Finally released in the U.S., this Academy Award-nominated crime thriller is an engrossing and satisfying film. "The Lookout" is the story of a physically challenged man who is chosen to run a huge ranch property in the middle of the woods.
